Core Financial Jurisdictional Q&A

Q1: What is the top marginal individual income tax rate in Missouri?

Missouri utilizes a progressive income tax system with a top marginal rate of 4.70%. The state has passed legislative triggers designed to gradually reduce this rate further based on state revenue targets.

Q2: How does the Hancock Amendment limit government taxation?

The Hancock Amendment limits the total amount of personal income that can be collected by the state government in any given fiscal year and requires voter approval for local tax increases exceeding specific thresholds.

Q3: What is the sales tax rate on food items in Missouri?

While the general state sales tax rate is 4.225% (plus local options), the state applies a reduced state sales tax rate of 1.225% on qualifying retail grocery foods.

Q4: How are real estate assets assessed for property tax calculations?

Residential real estate in Missouri is assessed at a statutory factor of 19% of its true market value. Agricultural property is assessed at 12%, and commercial property at 32%.

Q5: Does Missouri offer a property tax credit for seniors?

Yes, the Missouri Property Tax Credit Review (Missouri PTC) provides a partial rebate to qualifying senior citizens and disabled individuals for real estate taxes or rent paid on their primary residence.
