Utah Financial Profile & Rules

> **Composite COL Index:** 101.5
> **Housing Cost Metric:** 111.4
> **Income Tax Burden:** 4.55% Uniform Flat Rate

State-Specific Financial Q&A

Q: What is Utah's individual income tax structure?

A: Utah employs a uniform flat income tax rate of 4.55% applied across all individual earnings.

Q: Does Utah tax retirement or Social Security benefits?

A: Yes, but individuals may qualify for a retirement tax credit that offsets a portion or all of the liability based on total income thresholds.

Q: How are residential real estate taxes assessed?

A: Primary residences benefit from a major 45% statutory exemption, meaning property tax rates are only applied to 55% of the home's fair market value.

Q: What is the corporate franchise tax rate in Utah?

A: Corporations operating within Utah face a flat franchise tax rate matching the individual rate at 4.55%.
